

BCFPE EXECUTIVE BOARD NOMINATION BIO

My name is Kasia Gatchalian and I am running for office for the BCFPE. I have been an Emergency Communications Technician for Baltimore County 911 and a member of BCFPE for the last 18 years. This past year I took on a more active role and became a member of the Negotiations Team. While on the Negotiations Team, I gained experience and knowledge working with union members and county administration. Over the past few months I filled the position of Area III Vice President when Arley Scott retired in March. In July I volunteered to help with AFL-CIO Community Services of Central Maryland and distributed food to households that have dealt with layoffs over the last few months. I hope to continue to actively participate with BCFPE and help exceed our goals and meet union member's needs.
