

Kaitlyn Neumeister for Area 3 Vice President!

With your help, I look forward to the opportunity to serve the employees of the 911 Center as the Area 3 Vice President. We can work together to improve wages, working conditions, and retirement in order to attract and retain dedicated, career-minded employees with a passion to serve the public.

My career with the 911 Center began in January of 2019, but I grew up as part of a public safety family. In addition to relatives with the Baltimore County Police and Fire Departments, my mother has worked for the 911 Center since 1989. She has been active in the union for over 30 years and has been honored to serve as an Executive Board member in various roles throughout those years, currently as Secretary. I have benefitted greatly from their shared experiences, but also offer a fresh perspective.

Having served as a volunteer for several organizations throughout my life I understand the sacrifices required when taking on such a role. I have also volunteered for union activities since the beginning of my career; previously serving on the Election Committee, as well as currently awaiting Shop Steward training, so that I can officially represent employee grievances.

I believe it is of paramount importance that all employees have the opportunity to be heard, to express their opinions and advocate for their needs in relation to their working conditions. This requires open and honest communication amongst all members to ensure that the majority of employees are truly represented. It is important that we find a middle ground that best serves employees with different and varied needs throughout the course of their careers. I believe this begins with keeping everyone informed of current issues and events that may impact them, encouraging others to get involved, and ensuring that everyone knows about the many benefits BCFPE offers to its members.

I would greatly appreciate the opportunity to represent the 911 Center as Area 3 Vice President. If elected, I promise to do my best to make sure each employee is informed of current events that may impact them, feels welcome to express their ideas and opinions, and knows that they are well represented by someone with their best interests at heart. We need to work cooperatively to effect positive change!

Thank you for considering a fresh perspective and please remember to vote!

ENDORSED by BCFPE SECRETARY DONNA NEUMEISTER
